

# Water Well Screening

## TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

The “Well Informed” Texas Well Owner Network (TWON) program is an educational program that gives well owners the opportunity to have their well water samples screened for common contaminants including fecal coliform, E. coli bacteria, nitrates, arsenic and high salinity. The screening of the water samples is followed by a 1-hour explanation of the results, water well protection practices and focuses on wellhead protection and recommendations for remediating well contamination.

### **Well Informed Screening - October 7th & 9th**

- San Antonio River Authority (SARA) Office: 100 E. Guenther Street, San Antonio
- Samples should be collected in a new, unused 12 - 20 ounce water bottle.
- Sample drop off will be on Tuesday, October 7th from 8:30 AM - 10:30 AM at San Antonio River Authority (SARA) Office on 100 E Guenther Street, San Antonio, Texas.

### **Result Interpretation Meeting**

Thursday, October 9th, 2025

9:00 AM

San Antonio River Authority (SARA) Office  
100 E. Guenther Street, San Antonio, Texas
